DRIVER DAILY INSPECTION REQUIRED

(1) If the trailer is equipped with metal lines, as lessee, it is your responsibility to return this trailer with metal lines of the same quality. If you fail to comply with this requirement, Lessor will replace the inferior image and bill the entire cost to include discount and mounting costs, labor and charge and all labor costs to Lessee. Additionally, the lessee is responsible for any cost of irregular practice or other damaged patterns on the lines. These will be charged at the lowest point of acceptance based upon the purpose of the same billing. (2) Aluminum Air Pressure: Outside 1/8(3/16), Size 3/8(3/8). (3) Repair flat tires - w/ Check and Balance of tires in order daily. (4) Lessee is responsible for all costs for repairs made to trailer without Lessor approval. (5) Bulkheads: Check to see that a bulkhead is in place. Failure to operate platform trailers with a bulkhead in place on either the tractor or trailer may result in a safety violation or serious personal injury. (6) Gas Wheels: Lessee is responsible to inflate lug nuts on all tires circuits to 450-500 foot-pounds every 1,000 miles. (7) Air Ride & Spring Suspension: Customer is responsible to inflate U-Bolts on air ride equipped trailers every 6 months to 750 foot-pounds and spring nuts to 300-400 foot-pounds. (8) Hydraulic Brake Hoses: Customer is responsible to maintain engine oil level, proper fluid levels in battery, and sufficient fuel for continued operation. (10) Safety Pins and Locks: All safety pins, safety pins and accompanying locks must be in their locked position before moving trailer. Type of Locks is to be given to operator before and review with responsible personnel. (11) Refrigerated Trailers: Customer is responsible to maintain engine oil levels, proper fluid levels in battery and sufficient fuel for continued operation.
