LESSEE DAILY SAFETY RESPONSIBILITY:

(1) If the trailer is equipped with radial tires, as lessee, it is your responsibility to return the trailer with radial tires of the same quality. If you fail to comply with this requirement, we Lessor will replace the inferior tire(s) and bill the entire cost to include demount & mounting costs, service call charges, and all other costs back to Lessee. Additionally, the lessee is responsible for any and all irregular and/or erratic wear patterns on the tires. Tires will be gauged at the lowest point of remaining tread depth for the purpose of tire wear billing. (2) Maintain Air Pressure: Radials 100PSI, Bias 85PSI. (3) Repair flat tires. (4) Check and Maintain oil levels in trailer daily. (5) Lessee is responsible for all costs for repairs made to trailer without Lessor approval. (6) Bulkheads: Check to see that a bulkhead is in place. Failure to operate platform trailers with a bulkhead in place on either the tractor or trailer may result in a safety violation or severe personal injury. (7) Disc Wheels: Lessee is responsible to torque lug nuts on all disc wheels to 450-500 foot-pounds every 1,500 miles. (8) Air Ride & Spring Suspensions: Customer is responsible to torque U-bolts on air ride equipped trailers every 6 months to 750 foot-pounds, and spring rides to 360-420 foot-pounds. (9) Hydraulic Goose Necks: Customer is responsible to maintain engine oil level, proper fluid levels in battery, and sufficient fuel for continued operation. (10) Safety Pins and Locks: All safety pins, slider pins and connecting locks must be in their locked positions before moving trailer. Special caution is to be given to expandable trailers and trailers with removable gooseneck. (11) Refrigerated Trailers: Customer is responsible to maintain engine oil level, proper antifreeze levels in radiator, proper fluid levels in batteries and sufficient fuel for continued operation.
